Helping to find a cure for childhood cancer.

The Butterfly Fund of the East Tennessee Foundation was established in August 2008 by the families of Maddie Harrill and Emily Barger. Both of these beautiful little girls were diagnosed with Rhabdomyosarcoma, a rare form of childhood cancer, in 2007. Sadly, both girls passed away just weeks apart during the summer of 2008. The fund serves to bring awareness of the need for more research for childhood cancer and to support research, treatment and services dedicated to the defeat of childhood cancers which includes East Tennessee Children's Hospital.
